

M78: Enemy Action Bible + Combat Behavior Roadmap

Card catalogue of universal enemy attacks and solo tactics for future combat milestones. M78 is design-only: normal body contact should disturb or alert, while damage comes from active attacks, hazardous bodies, projectiles, traps, grabs, spells, weapons, and boss states.

Action cards	158
Coverage	body-only, weapon-user, ranged, magic, ghost/soul, mechanical, boss-scale
AI direction	lightweight behavior tree layer over awareness, intelligence, movement, profiles, and budgets
Contact policy	passive damage only for explicit hazardous bodies

Roadmap

Milestone	Purpose
M79 Contact Damage Rework V1	Passive contact stops damaging except explicit hazardous bodies; bumping enemies disturbs or alerts but does not hurt.
M80 Active Hit Windows V1	Attacks use readable windup, active, and recovery windows instead of proximity-only damage.
M81 Enemy Action Profiles V2	Expand attack profiles to represent body, weapon, ranged, magic, movement, defense, and hazard actions.
M82 Lightweight Behavior Tree Layer V1	Add simple selector/sequence behavior trees over current awareness, intelligence, disposition, cooldowns, and budgets.
M83 Noise + Disturbance V2	Tune footsteps, attacks, proximity, and bump stimuli without adding full stealth UI.
M84 Weapon-User Enemies V1	Skeletons, knights, and giants gain weapons, shields, swings, thrusts, and recovery windows.
M85 Creature Action Expansion V1	Rats, spiders, birds, beasts, and body-only enemies gain richer fight/flee/action sets.
M86 Ranged + Firearm Enemies V1	Archers, gunners, throwers, turrets, machines, and projectile pattern enemies.
M87 Magic/Ghost/Soul Enemies V1	Casters, ghosts, soul eaters, phase movement, drain, curse, and area pressure.
M88 Navigation Adapter V1	Add pathfinding or local-navigation milestones behind a wrapper, not as an immediate dependency.
M89 Limited Alert Sharing V1	Selected enemies can wake nearby allies later; M78/M79 stay solo-enemy focused.
M90 Combat AI QA Lock	Regression and feel pass across contact, attacks, weapon users, senses, movement, knockback, and bosses.

Action Cards

001. Bite

Category: Body

Users: rats, spiders, beasts, undead crows, ghouls

Contact: Active hit window

Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame.

Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery.

Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m.

AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement.

Priority: M80

003. Double Claw

Category: Body

Users: beasts, demons, fast undead

Contact: Active hit window

Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame.

Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery.

Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m.

AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement.

Priority: M85

005. Pounce

Category: Body

Users: rats, spiders, wolves, cats, beasts

Contact: Active hit window

Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame.

Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery.

Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m.

AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement.

Priority: M80

002. Claw Swipe

Category: Body

Users: beasts, ghouls, demons, undead crows

Contact: Active hit window

Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame.

Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery.

Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m.

AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement.

Priority: M80

004. Peck

Category: Body

Users: undead crows, birds, small flyers

Contact: Active hit window

Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame.

Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery.

Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m.

AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement.

Priority: M85

006. Leap Attack

Category: Body

Users: spiders, beasts, frog creatures, assassins

Contact: Active hit window

Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame.

Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery.

Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m.

AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement.

Priority: M85

007. Dive Attack Category: Body Users: undead crows, bats, flying demons Contact: Active hit window Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M85	008. Gore Category: Body Users: boars, horned beasts, demons Contact: Active hit window Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M85
009. Tail Swipe Category: Body Users: beasts, dragons, lizards, scorpions Contact: Active hit window Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M85	010. Body Slam Category: Body Users: heavy beasts, giants, slimes, armored brutes Contact: Active hit window Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M80
011. Belly Flop Category: Body Users: large beasts, giants, grotesque enemies Contact: Active hit window Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M85	012. Stomp Category: Body Users: giants, trolls, bosses, heavy undead Contact: Active hit window Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M80

013. Kick Category: Body Users: humanoids, beasts, skeletons Contact: Active hit window Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84	014. Wing Buffet Category: Body Users: undead crows, harpies, winged beasts Contact: Active hit window Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M85
015. Headbutt Category: Body Users: skeletons, beasts, armored creatures Contact: Active hit window Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M85	016. Shoulder Check Category: Body Users: knights, brutes, giants, shield users Contact: Active hit window Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84
017. Tentacle Lash Category: Body Users: sea creatures, horrors, soul eaters Contact: Active hit window Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M87	018. Tongue Lash Category: Body Users: frogs, leeches, mutants Contact: Active hit window Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M85

019. Web Shot Category: Body Users: spiders, web casters Contact: Projectile Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M85	020. Spit Category: Body Users: pods, insects, beasts, corrupted creatures Contact: Projectile Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M86
021. Acid Spit Category: Body Users: slimes, insects, alchemic creatures Contact: Projectile or hazard Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M87	022. Burrow Emerge Category: Body Users: worms, moles, grave creatures Contact: Active hit window Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M88
023. Grab Category: Body Users: ghouls, giants, mimics, soul eaters Contact: Grab Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: requires explicit grab state, escape/cancel rules, and no passive contact damage. Priority: M80	024. Drag Category: Body Users: leeches, ghosts, tentacle beasts Contact: Grab Telegraph: Body crouch, head pullback, limb raise, or short inhale before the active frame. Counterplay: Step out of reach, circle behind, block light hits, or punish the recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Body-only creatures can use this without carried weapons; active hit windows should replace passive touch damage. Suggested AI: requires explicit grab state, escape/cancel rules, and no passive contact damage. Priority: M87

025. Light Slash Category: Weapon Users: skeletons, knights, bandits, cultists Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84	026. Heavy Slash Category: Weapon Users: knights, giants, executioners Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84
027. Overhead Slash Category: Weapon Users: skeletons, knights, giants, axe users Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84	028. Thrust Category: Weapon Users: spear users, rapier enemies, soldiers Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84
029. Sweep Category: Weapon Users: halberd users, giants, scythe enemies Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84	030. Cleave Category: Weapon Users: axe users, heavy skeletons, brutes Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84

031. Spear Jab Category: Weapon Users: spear skeletons, guards, hunters Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84	032. Lance Charge Category: Weapon Users: mounted enemies, knights, constructs Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M86
033. Shield Bash Category: Weapon Users: knights, guards, tower shield enemies Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84	034. Parry Category: Weapon Users: elite knights, duelists, skeleton captains Contact: Counter state Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84
035. Riposte Category: Weapon Users: duelists, elite skeletons, assassins Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84	036. Weapon Kick Category: Weapon Users: humanoid fighters, shield breakers Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84

037. Two-Hit Combo Category: Weapon Users: skeletons, knights, bandits Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: requires chained active windows with a readable stop point. Priority: M84	038. Three-Hit Combo Category: Weapon Users: elite knights, bosses, assassins Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: requires chained active windows with a readable stop point. Priority: M84
039. Feint Category: Weapon Users: duelists, trickster enemies, ghosts with weapons Contact: No hit unless followed Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M82	040. Spinning Attack Category: Weapon Users: dual-blade enemies, dancers, skeleton elites Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84
041. Backhand Slash Category: Weapon Users: knights, giants, bosses Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84	042. Axe Hook Category: Weapon Users: axe enemies, butchers, giants Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84

043. Hammer Slam Category: Weapon Users: giants, clerics, stone soldiers Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84	044. Mace Crush Category: Weapon Users: armored undead, clerics, brutes Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84
045. Scythe Reap Category: Weapon Users: reapers, ghosts, cultists Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M87	046. Dagger Flurry Category: Weapon Users: assassins, rats with knives, thieves Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84
047. Whip Crack Category: Weapon Users: cultists, beast tamers, ghost hunters Contact: Active hit window Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M84	048. Thrown Weapon Followup Category: Weapon Users: bandits, skeletons, hunters Contact: Projectile Telegraph: Weapon draw-back, shoulder turn, blade glint, and a recovery pose after the swing. Counterplay: Respect range, dodge through the active arc, block if stable, then punish recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Weapon-user enemies need facing, reach, recovery, and readable weapon arcs. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M86

049. Arrow Shot Category: Ranged Users: archers, skeleton archers, hunters Contact: Projectile Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Light force; suggested knockback 0.15-0.35m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	050. Arrow Volley Category: Ranged Users: archers, commanders, bosses Contact: Projectile pattern Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86
051. Aimed Shot Category: Ranged Users: archers, gunslingers, elite hunters Contact: Projectile Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	052. Quick Shot Category: Ranged Users: archers, goblins, gunslingers Contact: Projectile Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Light force; suggested knockback 0.15-0.35m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86
053. Crossbow Bolt Category: Ranged Users: crossbow skeletons, soldiers Contact: Projectile Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	054. Thrown Knife Category: Ranged Users: assassins, thieves, cultists Contact: Projectile Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Light force; suggested knockback 0.15-0.35m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86

055. Thrown Spear Category: Ranged Users: spear soldiers, giants, hunters Contact: Projectile Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	056. Thrown Axe Category: Ranged Users: raiders, skeleton brutes, giants Contact: Projectile Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86
057. Bomb Throw Category: Ranged Users: alchemists, goblins, machines Contact: Projectile or area Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Heavy force; suggested knockback 0.65-0.95m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	058. Pistol Shot Category: Ranged Users: gunslingers, clockwork guards Contact: Projectile Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86
059. Musket Shot Category: Ranged Users: riflemen, undead soldiers Contact: Projectile Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Heavy force; suggested knockback 0.65-0.95m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	060. Shotgun Blast Category: Ranged Users: gunners, constructs, bosses Contact: Projectile fan Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Heavy force; suggested knockback 0.65-0.95m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86

061. Cannon Shot Category: Ranged Users: siege machines, giants, bosses Contact: Projectile or area Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Massive force; suggested knockback 0.95-1.40m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	062. Trap Launch Category: Ranged Users: machines, wall traps, ambush enemies Contact: Projectile Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86
063. Net Throw Category: Ranged Users: hunters, trappers, spiders, bandits Contact: Projectile control Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Light force; suggested knockback 0.15-0.35m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	064. Harpoon Shot Category: Ranged Users: machines, fishers, sea horrors Contact: Projectile or grab Telegraph: Aim line, reload pose, barrel/bow lift, or hand throw windup before release. Counterplay: Strafe, break aim timing, use cover when available, or punish reload. Impact: Physical/Projectile; Heavy force; suggested knockback 0.65-0.95m. AI: Ranged attackers need aim time, projectile ownership, reload/cooldown, and room pressure budgets. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87
065. Slow Orb Category: Projectile Users: casters, bosses, soul enemies Contact: Projectile Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Light force; suggested knockback 0.15-0.35m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	066. Fast Bolt Category: Projectile Users: wizards, turrets, ghosts Contact: Projectile Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Light force; suggested knockback 0.15-0.35m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86

067. Spread Shot Category: Projectile Users: casters, pods, mechanical enemies Contact: Projectile pattern Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	068. Fan Shot Category: Projectile Users: wizards, archers, bosses Contact: Projectile pattern Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86
069. Radial Burst Category: Projectile Users: bosses, casters, exploding enemies Contact: Projectile pattern Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	070. Homing Shot Category: Projectile Users: ghosts, soul eaters, wizards Contact: Projectile Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87
071. Boomerang Shot Category: Projectile Users: hunters, ghosts, machines Contact: Projectile Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	072. Bouncing Shot Category: Projectile Users: machines, trickster casters Contact: Projectile Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Light force; suggested knockback 0.15-0.35m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86

073. Splitting Shot Category: Projectile Users: casters, bosses, corrupted pods Contact: Projectile pattern Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87	074. Delayed Shot Category: Projectile Users: wizards, traps, bosses Contact: Projectile Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87
075. Ballistic Lob Category: Projectile Users: spitting pods, giants, artillery machines Contact: Projectile or area Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	076. Projectile Wall Category: Projectile Users: bosses, casters, mechanical gates Contact: Projectile pattern Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87
077. Rotating Pattern Category: Projectile Users: bosses, machines, occult casters Contact: Projectile pattern Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Heavy force; suggested knockback 0.65-0.95m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87	078. Returning Shot Category: Projectile Users: ghosts, chakram users, machines Contact: Projectile Telegraph: Spawner flash, muzzle point, arc marker, or pattern preview before projectiles move. Counterplay: Read the pattern, move through safe lanes, block single heavy shots when stable. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Pattern attacks need projectile shapes, spawn offsets, budget control, and clear safe lanes. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86

079. <i>Beam</i> Category: Magic Users: wizards, machines, bosses, eye enemies Contact: Area or projectile lane Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Heavy force; suggested knockback 0.65-0.95m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87	080. <i>Fireball</i> Category: Magic Users: fire casters, demons, dragons Contact: Projectile or area Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Medium force; suggested knockback 0.35-0.65m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87
081. <i>Ice Spike</i> Category: Magic Users: frost casters, traps, ghosts Contact: Projectile or area Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Medium force; suggested knockback 0.35-0.65m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87	082. <i>Lightning Strike</i> Category: Magic Users: storm casters, machines, bosses Contact: Area Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Heavy force; suggested knockback 0.65-0.95m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87
083. <i>Falling Mark</i> Category: Magic Users: bosses, priests, star casters Contact: Area marker Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Medium force; suggested knockback 0.35-0.65m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87	084. <i>Ground Eruption</i> Category: Magic Users: earth casters, bosses, burrowers Contact: Area Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Heavy force; suggested knockback 0.65-0.95m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87

085. Fire Trail Category: Magic Users: demons, chargers, burning beasts Contact: Hazard trail Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Medium force; suggested knockback 0.35-0.65m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87	086. Curse Field Category: Magic Users: witches, ghosts, soul eaters Contact: Area Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Medium force; suggested knockback 0.35-0.65m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87
087. Poison Cloud Category: Magic Users: alchemists, insects, slimes Contact: Hazard area Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Light force; suggested knockback 0.15-0.35m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87	088. Gravity Pull Category: Magic Users: cosmic enemies, bosses, machines Contact: Area control Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Medium force; suggested knockback 0.35-0.65m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87
089. Silence Pulse Category: Magic Users: witch hunters, bosses, anti-magic enemies Contact: Area control Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Light force; suggested knockback 0.15-0.35m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87	090. Healing Chant Category: Magic Users: priests, shamans, support casters Contact: No direct damage Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Light force; suggested knockback 0.15-0.35m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87

091. Shield Spell Category: Magic Users: wizards, priests, elite enemies Contact: Defense state Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Light force; suggested knockback 0.15-0.35m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87	092. Teleport Strike Category: Magic Users: warlocks, assassins, ghosts Contact: Movement plus active hit Telegraph: Cast circle, hand glow, chant pose, rune marker, or delayed ground tell. Counterplay: Leave marked space, interrupt fragile casters, or hold guard for late projectiles. Impact: Elemental/Area; Heavy force; suggested knockback 0.65-0.95m. AI: Caster actions need cast tells, element tags, interruption rules, and area readability. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M87
093. Sidestep Category: Movement Users: duelists, spiders, knights, archers Contact: Harmless movement Telegraph: Lean, dust, wing beat, vanish puff, or brief pause before repositioning. Counterplay: Track the new position, avoid panic swings, and punish predictable landing recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Movement actions should reposition without dealing damage unless a linked attack window is active. Suggested AI: use as a reposition branch before choosing the next attack. Priority: M82	094. Backstep Category: Movement Users: archers, rats, casters, duelists Contact: Harmless movement Telegraph: Lean, dust, wing beat, vanish puff, or brief pause before repositioning. Counterplay: Track the new position, avoid panic swings, and punish predictable landing recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Movement actions should reposition without dealing damage unless a linked attack window is active. Suggested AI: use as a reposition branch before choosing the next attack. Priority: M82
095. Roll Category: Movement Users: bandits, knights, goblins Contact: Harmless movement Telegraph: Lean, dust, wing beat, vanish puff, or brief pause before repositioning. Counterplay: Track the new position, avoid panic swings, and punish predictable landing recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Movement actions should reposition without dealing damage unless a linked attack window is active. Suggested AI: use as a reposition branch before choosing the next attack. Priority: M82	096. Retreat Category: Movement Users: prey, archers, casters, wounded enemies Contact: Harmless movement Telegraph: Lean, dust, wing beat, vanish puff, or brief pause before repositioning. Counterplay: Track the new position, avoid panic swings, and punish predictable landing recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Movement actions should reposition without dealing damage unless a linked attack window is active. Suggested AI: use as a reposition branch before choosing the next attack. Priority: M82

097. Circle Category: Movement Users: wolves, knights, duelists, spiders Contact: Harmless movement Telegraph: Lean, dust, wing beat, vanish puff, or brief pause before repositioning. Counterplay: Track the new position, avoid panic swings, and punish predictable landing recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Movement actions should reposition without dealing damage unless a linked attack window is active. Suggested AI: use as a reposition branch before choosing the next attack. Priority: M82	098. Evade Category: Movement Users: assassins, rats, ghosts, fast beasts Contact: Harmless movement Telegraph: Lean, dust, wing beat, vanish puff, or brief pause before repositioning. Counterplay: Track the new position, avoid panic swings, and punish predictable landing recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Movement actions should reposition without dealing damage unless a linked attack window is active. Suggested AI: use as a reposition branch before choosing the next attack. Priority: M82
099. Teleport Category: Movement Users: wizards, ghosts, bosses Contact: Harmless movement unless paired Telegraph: Lean, dust, wing beat, vanish puff, or brief pause before repositioning. Counterplay: Track the new position, avoid panic swings, and punish predictable landing recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Movement actions should reposition without dealing damage unless a linked attack window is active. Suggested AI: use as a reposition branch before choosing the next attack. Priority: M87	100. Vanish Category: Movement Users: ghosts, assassins, tricksters Contact: Harmless movement unless paired Telegraph: Lean, dust, wing beat, vanish puff, or brief pause before repositioning. Counterplay: Track the new position, avoid panic swings, and punish predictable landing recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Movement actions should reposition without dealing damage unless a linked attack window is active. Suggested AI: use as a reposition branch before choosing the next attack. Priority: M87
101. Burrow Category: Movement Users: worms, spiders, grave creatures Contact: Harmless movement unless emerging Telegraph: Lean, dust, wing beat, vanish puff, or brief pause before repositioning. Counterplay: Track the new position, avoid panic swings, and punish predictable landing recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Movement actions should reposition without dealing damage unless a linked attack window is active. Suggested AI: use as a reposition branch before choosing the next attack. Priority: M88	102. Fly Strafe Category: Movement Users: undead crows, bats, harpies Contact: Harmless movement Telegraph: Lean, dust, wing beat, vanish puff, or brief pause before repositioning. Counterplay: Track the new position, avoid panic swings, and punish predictable landing recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Movement actions should reposition without dealing damage unless a linked attack window is active. Suggested AI: use as a reposition branch before choosing the next attack. Priority: M85

103. Reposition Category: Movement Users: all tactical enemies Contact: Harmless movement Telegraph: Lean, dust, wing beat, vanish puff, or brief pause before repositioning. Counterplay: Track the new position, avoid panic swings, and punish predictable landing recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Movement actions should reposition without dealing damage unless a linked attack window is active. Suggested AI: use as a reposition branch before choosing the next attack. Priority: M82	104. Close Distance Category: Movement Users: melee enemies, beasts, knights Contact: Harmless movement Telegraph: Lean, dust, wing beat, vanish puff, or brief pause before repositioning. Counterplay: Track the new position, avoid panic swings, and punish predictable landing recovery. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Movement actions should reposition without dealing damage unless a linked attack window is active. Suggested AI: use as a reposition branch before choosing the next attack. Priority: M82
105. Guard Category: Defense Users: knights, skeletons, shield users Contact: Defense state Telegraph: Raised guard, braced feet, shield glow, or parry-ready posture. Counterplay: Bait guard, wait out parry, kick/bash, attack from flank, or use heavy attacks. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Defensive actions need guard state, stamina/stability interaction, and punishable recovery. Suggested AI: use when pressured, recently hit, or protecting a ranged/caster role. Priority: M84	106. Brace Category: Defense Users: giants, machines, shield users Contact: Defense state Telegraph: Raised guard, braced feet, shield glow, or parry-ready posture. Counterplay: Bait guard, wait out parry, kick/bash, attack from flank, or use heavy attacks. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Defensive actions need guard state, stamina/stability interaction, and punishable recovery. Suggested AI: use when pressured, recently hit, or protecting a ranged/caster role. Priority: M84
107. Shield Wall Category: Defense Users: guards, constructs, commanders Contact: Defense state Telegraph: Raised guard, braced feet, shield glow, or parry-ready posture. Counterplay: Bait guard, wait out parry, kick/bash, attack from flank, or use heavy attacks. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Defensive actions need guard state, stamina/stability interaction, and punishable recovery. Suggested AI: use when pressured, recently hit, or protecting a ranged/caster role. Priority: M89	108. Dodge Counter Category: Defense Users: duelists, assassins, elite beasts Contact: Active hit after evade Telegraph: Raised guard, braced feet, shield glow, or parry-ready posture. Counterplay: Bait guard, wait out parry, kick/bash, attack from flank, or use heavy attacks. Impact: Physical/Melee; Medium force; suggested knockback 0.35-0.65m. AI: Defensive actions need guard state, stamina/stability interaction, and punishable recovery. Suggested AI: use when pressured, recently hit, or protecting a ranged/caster role. Priority: M84

109. Parry Counter Category: Defense Users: elite knights, duelists Contact: Counter state Telegraph: Raised guard, braced feet, shield glow, or parry-ready posture. Counterplay: Bait guard, wait out parry, kick/bash, attack from flank, or use heavy attacks. Impact: Physical/Melee; Heavy force; suggested knockback 0.65-0.95m. AI: Defensive actions need guard state, stamina/stability interaction, and punishable recovery. Suggested AI: use when pressured, recently hit, or protecting a ranged/caster role. Priority: M84	110. Armor Harden Category: Defense Users: stone beasts, machines, bosses Contact: Defense state Telegraph: Raised guard, braced feet, shield glow, or parry-ready posture. Counterplay: Bait guard, wait out parry, kick/bash, attack from flank, or use heavy attacks. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Defensive actions need guard state, stamina/stability interaction, and punishable recovery. Suggested AI: use when pressured, recently hit, or protecting a ranged/caster role. Priority: M87
111. Shell Hide Category: Defense Users: turtles, insects, mimics Contact: Defense state Telegraph: Raised guard, braced feet, shield glow, or parry-ready posture. Counterplay: Bait guard, wait out parry, kick/bash, attack from flank, or use heavy attacks. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Defensive actions need guard state, stamina/stability interaction, and punishable recovery. Suggested AI: use when pressured, recently hit, or protecting a ranged/caster role. Priority: M85	112. Regenerate Category: Defense Users: undead, slimes, occult enemies Contact: No direct damage Telegraph: Raised guard, braced feet, shield glow, or parry-ready posture. Counterplay: Bait guard, wait out parry, kick/bash, attack from flank, or use heavy attacks. Impact: Physical/Melee; Light force; suggested knockback 0.15-0.35m. AI: Defensive actions need guard state, stamina/stability interaction, and punishable recovery. Suggested AI: use when pressured, recently hit, or protecting a ranged/caster role. Priority: M87
113. Summon Minion Category: Summon Users: wizards, necromancers, bosses Contact: Spawn event Telegraph: Portal, ground crack, corpse twitch, or arrival marker before spawned units act. Counterplay: Pressure the summoner, clear adds quickly, and avoid arrival markers. Impact: Physical/Area; Light force; suggested knockback 0.15-0.35m. AI: Summon actions need spawn budgets, telegraphed arrival points, and room-clear compatibility. Suggested AI: use sparse cooldowns and room population caps. Priority: M87	114. Summon Swarm Category: Summon Users: spider queens, rat kings, bosses Contact: Spawn event Telegraph: Portal, ground crack, corpse twitch, or arrival marker before spawned units act. Counterplay: Pressure the summoner, clear adds quickly, and avoid arrival markers. Impact: Physical/Area; Medium force; suggested knockback 0.35-0.65m. AI: Summon actions need spawn budgets, telegraphed arrival points, and room-clear compatibility. Suggested AI: use sparse cooldowns and room population caps. Priority: M87

115. Raise Skeleton Category: Summon Users: necromancers, grave enemies Contact: Spawn event Telegraph: Portal, ground crack, corpse twitch, or arrival marker before spawned units act. Counterplay: Pressure the summoner, clear adds quickly, and avoid arrival markers. Impact: Physical/Area; Light force; suggested knockback 0.15-0.35m. AI: Summon actions need spawn budgets, telegraphed arrival points, and room-clear compatibility. Suggested AI: use sparse cooldowns and room population caps. Priority: M87	116. Call Beast Category: Summon Users: hunters, shamans, commanders Contact: Spawn event Telegraph: Portal, ground crack, corpse twitch, or arrival marker before spawned units act. Counterplay: Pressure the summoner, clear adds quickly, and avoid arrival markers. Impact: Physical/Area; Medium force; suggested knockback 0.35-0.65m. AI: Summon actions need spawn budgets, telegraphed arrival points, and room-clear compatibility. Suggested AI: use sparse cooldowns and room population caps. Priority: M89
117. Spawn Turret Category: Summon Users: machines, engineers, bosses Contact: Spawn event Telegraph: Portal, ground crack, corpse twitch, or arrival marker before spawned units act. Counterplay: Pressure the summoner, clear adds quickly, and avoid arrival markers. Impact: Physical/Area; Medium force; suggested knockback 0.35-0.65m. AI: Summon actions need spawn budgets, telegraphed arrival points, and room-clear compatibility. Suggested AI: use sparse cooldowns and room population caps. Priority: M87	118. Create Clone Category: Summon Users: mirror enemies, ghosts, bosses Contact: Spawn event Telegraph: Portal, ground crack, corpse twitch, or arrival marker before spawned units act. Counterplay: Pressure the summoner, clear adds quickly, and avoid arrival markers. Impact: Physical/Area; Medium force; suggested knockback 0.35-0.65m. AI: Summon actions need spawn budgets, telegraphed arrival points, and room-clear compatibility. Suggested AI: use sparse cooldowns and room population caps. Priority: M87
119. Portal Add Category: Summon Users: warlocks, cosmic enemies, bosses Contact: Spawn event Telegraph: Portal, ground crack, corpse twitch, or arrival marker before spawned units act. Counterplay: Pressure the summoner, clear adds quickly, and avoid arrival markers. Impact: Physical/Area; Medium force; suggested knockback 0.35-0.65m. AI: Summon actions need spawn budgets, telegraphed arrival points, and room-clear compatibility. Suggested AI: use sparse cooldowns and room population caps. Priority: M87	120. Death Spawn Category: Summon Users: splitters, parasites, necromancers Contact: Spawn event or area Telegraph: Portal, ground crack, corpse twitch, or arrival marker before spawned units act. Counterplay: Pressure the summoner, clear adds quickly, and avoid arrival markers. Impact: Physical/Area; Medium force; suggested knockback 0.35-0.65m. AI: Summon actions need spawn budgets, telegraphed arrival points, and room-clear compatibility. Suggested AI: use sparse cooldowns and room population caps. Priority: M85

121. Spiked Body Category: Hazard Users: hedgehog beasts, spike traps, cursed armor Contact: Hazardous body Telegraph: Persistent glow, spikes, flame, sludge, crackle, or pulsing warning edge. Counterplay: Do not stand in the field; push, kite, or wait out the hazard duration. Impact: Environmental/Area; Medium force; suggested knockback 0.35-0.65m. AI: Hazard bodies or fields are the main exception to harmless body contact. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M79	122. Burning Body Category: Hazard Users: fire slimes, demons, ash enemies Contact: Hazardous body Telegraph: Persistent glow, spikes, flame, sludge, crackle, or pulsing warning edge. Counterplay: Do not stand in the field; push, kite, or wait out the hazard duration. Impact: Environmental/Area; Medium force; suggested knockback 0.35-0.65m. AI: Hazard bodies or fields are the main exception to harmless body contact. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M79
123. Acid Body Category: Hazard Users: slimes, insects, corrupted pods Contact: Hazardous body Telegraph: Persistent glow, spikes, flame, sludge, crackle, or pulsing warning edge. Counterplay: Do not stand in the field; push, kite, or wait out the hazard duration. Impact: Environmental/Area; Medium force; suggested knockback 0.35-0.65m. AI: Hazard bodies or fields are the main exception to harmless body contact. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M79	124. Poison Aura Category: Hazard Users: toxic beasts, alchemic enemies Contact: Hazard area Telegraph: Persistent glow, spikes, flame, sludge, crackle, or pulsing warning edge. Counterplay: Do not stand in the field; push, kite, or wait out the hazard duration. Impact: Environmental/Area; Light force; suggested knockback 0.15-0.35m. AI: Hazard bodies or fields are the main exception to harmless body contact. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M87
125. Static Aura Category: Hazard Users: machines, storm enemies Contact: Hazard area Telegraph: Persistent glow, spikes, flame, sludge, crackle, or pulsing warning edge. Counterplay: Do not stand in the field; push, kite, or wait out the hazard duration. Impact: Environmental/Area; Medium force; suggested knockback 0.35-0.65m. AI: Hazard bodies or fields are the main exception to harmless body contact. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M87	126. Spike Patch Category: Hazard Users: traps, plant enemies, bosses Contact: Environmental Telegraph: Persistent glow, spikes, flame, sludge, crackle, or pulsing warning edge. Counterplay: Do not stand in the field; push, kite, or wait out the hazard duration. Impact: Environmental/Area; Medium force; suggested knockback 0.35-0.65m. AI: Hazard bodies or fields are the main exception to harmless body contact. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M87

127. Flame Patch Category: Hazard Users: casters, demons, machines Contact: Environmental Telegraph: Persistent glow, spikes, flame, sludge, crackle, or pulsing warning edge. Counterplay: Do not stand in the field; push, kite, or wait out the hazard duration. Impact: Environmental/Area; Medium force; suggested knockback 0.35-0.65m. AI: Hazard bodies or fields are the main exception to harmless body contact. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M87	128. Explode On Death Category: Hazard Users: bomb enemies, machines, cursed undead Contact: Area Telegraph: Persistent glow, spikes, flame, sludge, crackle, or pulsing warning edge. Counterplay: Do not stand in the field; push, kite, or wait out the hazard duration. Impact: Environmental/Area; Heavy force; suggested knockback 0.65-0.95m. AI: Hazard bodies or fields are the main exception to harmless body contact. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M85
129. Phase Category: Ghost/Soul Users: ghosts, wraiths, soul eaters Contact: Harmless movement Telegraph: Fade, afterimage, soul trail, distortion, or cold glow before the effect lands. Counterplay: Watch phase cooldowns, dodge the reappear point, and punish after materialization. Impact: NonPhysical/Area/Soul; Light force; suggested knockback 0.15-0.35m. AI: Intangible enemies need phase rules, contact exceptions, and anti-frustration cooldowns. Suggested AI: use phase or drain cooldowns so the player always gets punish windows. Priority: M87	130. Possess Category: Ghost/Soul Users: ghosts, parasites, occult bosses Contact: Grab or control Telegraph: Fade, afterimage, soul trail, distortion, or cold glow before the effect lands. Counterplay: Watch phase cooldowns, dodge the reappear point, and punish after materialization. Impact: NonPhysical/Area/Soul; Heavy force; suggested knockback 0.65-0.95m. AI: Intangible enemies need phase rules, contact exceptions, and anti-frustration cooldowns. Suggested AI: use phase or drain cooldowns so the player always gets punish windows. Priority: M87
131. Soul Drain Category: Ghost/Soul Users: soul eaters, ghosts, liches Contact: Active hit or beam Telegraph: Fade, afterimage, soul trail, distortion, or cold glow before the effect lands. Counterplay: Watch phase cooldowns, dodge the reappear point, and punish after materialization. Impact: NonPhysical/Area/Soul; Medium force; suggested knockback 0.35-0.65m. AI: Intangible enemies need phase rules, contact exceptions, and anti-frustration cooldowns. Suggested AI: use phase or drain cooldowns so the player always gets punish windows. Priority: M87	132. Curse Touch Category: Ghost/Soul Users: ghosts, cursed undead Contact: Active hit window Telegraph: Fade, afterimage, soul trail, distortion, or cold glow before the effect lands. Counterplay: Watch phase cooldowns, dodge the reappear point, and punish after materialization. Impact: NonPhysical/Area/Soul; Medium force; suggested knockback 0.35-0.65m. AI: Intangible enemies need phase rules, contact exceptions, and anti-frustration cooldowns. Suggested AI: use phase or drain cooldowns so the player always gets punish windows. Priority: M87

133. Fear Pulse Category: Ghost/Soul Users: wraiths, bosses, cursed idols Contact: Area control Telegraph: Fade, afterimage, soul trail, distortion, or cold glow before the effect lands. Counterplay: Watch phase cooldowns, dodge the reappear point, and punish after materialization. Impact: NonPhysical/Area/Soul; Light force; suggested knockback 0.15-0.35m. AI: Intangible enemies need phase rules, contact exceptions, and anti-frustration cooldowns. Suggested AI: use phase or drain cooldowns so the player always gets punish windows. Priority: M87	134. Decoy Category: Ghost/Soul Users: ghosts, mirror enemies, tricksters Contact: Spawn event Telegraph: Fade, afterimage, soul trail, distortion, or cold glow before the effect lands. Counterplay: Watch phase cooldowns, dodge the reappear point, and punish after materialization. Impact: NonPhysical/Area/Soul; Light force; suggested knockback 0.15-0.35m. AI: Intangible enemies need phase rules, contact exceptions, and anti-frustration cooldowns. Suggested AI: use phase or drain cooldowns so the player always gets punish windows. Priority: M87
135. Split Category: Ghost/Soul Users: ghosts, mirror husks, slimes Contact: Split event Telegraph: Fade, afterimage, soul trail, distortion, or cold glow before the effect lands. Counterplay: Watch phase cooldowns, dodge the reappear point, and punish after materialization. Impact: NonPhysical/Area/Soul; Medium force; suggested knockback 0.35-0.65m. AI: Intangible enemies need phase rules, contact exceptions, and anti-frustration cooldowns. Suggested AI: use phase or drain cooldowns so the player always gets punish windows. Priority: M87	136. Re-form Category: Ghost/Soul Users: ghosts, slimes, soul clusters Contact: Recovery event Telegraph: Fade, afterimage, soul trail, distortion, or cold glow before the effect lands. Counterplay: Watch phase cooldowns, dodge the reappear point, and punish after materialization. Impact: NonPhysical/Area/Soul; Light force; suggested knockback 0.15-0.35m. AI: Intangible enemies need phase rules, contact exceptions, and anti-frustration cooldowns. Suggested AI: use phase or drain cooldowns so the player always gets punish windows. Priority: M87
137. Pass-Through Attack Category: Ghost/Soul Users: ghosts, wraiths, phasing beasts Contact: Active hit window Telegraph: Fade, afterimage, soul trail, distortion, or cold glow before the effect lands. Counterplay: Watch phase cooldowns, dodge the reappear point, and punish after materialization. Impact: NonPhysical/Area/Soul; Medium force; suggested knockback 0.35-0.65m. AI: Intangible enemies need phase rules, contact exceptions, and anti-frustration cooldowns. Suggested AI: use phase or drain cooldowns so the player always gets punish windows. Priority: M87	138. Soul Projectile Category: Ghost/Soul Users: ghosts, liches, soul eaters Contact: Projectile Telegraph: Fade, afterimage, soul trail, distortion, or cold glow before the effect lands. Counterplay: Watch phase cooldowns, dodge the reappear point, and punish after materialization. Impact: NonPhysical/Area/Soul; Medium force; suggested knockback 0.35-0.65m. AI: Intangible enemies need phase rules, contact exceptions, and anti-frustration cooldowns. Suggested AI: use phase or drain cooldowns so the player always gets punish windows. Priority: M87

139. Life Link Category: Ghost/Soul Users: soul enemies, twin bosses Contact: Support state Telegraph: Fade, afterimage, soul trail, distortion, or cold glow before the effect lands. Counterplay: Watch phase cooldowns, dodge the reappear point, and punish after materialization. Impact: NonPhysical/Area/Soul; Light force; suggested knockback 0.15-0.35m. AI: Intangible enemies need phase rules, contact exceptions, and anti-frustration cooldowns. Suggested AI: use phase or drain cooldowns so the player always gets punish windows. Priority: M87	140. Haunt Zone Category: Ghost/Soul Users: ghosts, cursed rooms, bosses Contact: Hazard area Telegraph: Fade, afterimage, soul trail, distortion, or cold glow before the effect lands. Counterplay: Watch phase cooldowns, dodge the reappear point, and punish after materialization. Impact: NonPhysical/Area/Soul; Medium force; suggested knockback 0.35-0.65m. AI: Intangible enemies need phase rules, contact exceptions, and anti-frustration cooldowns. Suggested AI: use phase or drain cooldowns so the player always gets punish windows. Priority: M87
141. Saw Sweep Category: Mechanical Users: machines, traps, clockwork soldiers Contact: Active hit window Telegraph: Gear spin, pressure hiss, red lens, crank, or charge sound before firing. Counterplay: Use reload windows, avoid telegraphed lanes, and punish immobile setups. Impact: Physical/Projectile; Heavy force; suggested knockback 0.65-0.95m. AI: Machines can ignore organic tells, but still need audio/visual windups and reload windows. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	142. Gear Bite Category: Mechanical Users: machines, mimics, constructs Contact: Active hit window Telegraph: Gear spin, pressure hiss, red lens, crank, or charge sound before firing. Counterplay: Use reload windows, avoid telegraphed lanes, and punish immobile setups. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Machines can ignore organic tells, but still need audio/visual windups and reload windows. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86
143. Steam Vent Category: Mechanical Users: machines, traps, bosses Contact: Hazard area Telegraph: Gear spin, pressure hiss, red lens, crank, or charge sound before firing. Counterplay: Use reload windows, avoid telegraphed lanes, and punish immobile setups. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Machines can ignore organic tells, but still need audio/visual windups and reload windows. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	144. Mine Drop Category: Mechanical Users: machines, gunners, bosses Contact: Environmental Telegraph: Gear spin, pressure hiss, red lens, crank, or charge sound before firing. Counterplay: Use reload windows, avoid telegraphed lanes, and punish immobile setups. Impact: Physical/Projectile; Medium force; suggested knockback 0.35-0.65m. AI: Machines can ignore organic tells, but still need audio/visual windups and reload windows. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86

145. Laser Sweep Category: Mechanical Users: machines, cosmic turrets, bosses Contact: Area lane Telegraph: Gear spin, pressure hiss, red lens, crank, or charge sound before firing. Counterplay: Use reload windows, avoid telegraphed lanes, and punish immobile setups. Impact: Physical/Projectile; Heavy force; suggested knockback 0.65-0.95m. AI: Machines can ignore organic tells, but still need audio/visual windups and reload windows. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	146. Drill Charge Category: Mechanical Users: machines, miners, constructs Contact: Active hit window Telegraph: Gear spin, pressure hiss, red lens, crank, or charge sound before firing. Counterplay: Use reload windows, avoid telegraphed lanes, and punish immobile setups. Impact: Physical/Projectile; Heavy force; suggested knockback 0.65-0.95m. AI: Machines can ignore organic tells, but still need audio/visual windups and reload windows. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86
147. Rocket Burst Category: Mechanical Users: machines, gunners, bosses Contact: Projectile pattern Telegraph: Gear spin, pressure hiss, red lens, crank, or charge sound before firing. Counterplay: Use reload windows, avoid telegraphed lanes, and punish immobile setups. Impact: Physical/Projectile; Heavy force; suggested knockback 0.65-0.95m. AI: Machines can ignore organic tells, but still need audio/visual windups and reload windows. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86	148. Reload Category: Mechanical Users: gunners, machines, turrets Contact: No direct damage Telegraph: Gear spin, pressure hiss, red lens, crank, or charge sound before firing. Counterplay: Use reload windows, avoid telegraphed lanes, and punish immobile setups. Impact: Physical/Projectile; Light force; suggested knockback 0.15-0.35m. AI: Machines can ignore organic tells, but still need audio/visual windups and reload windows. Suggested AI: gate by awareness, range band, line preference later, and attack budget. Priority: M86
149. Shockwave Category: Boss-Scale Users: giants, stone bosses, hammer bosses Contact: Area Telegraph: Large animation lock, arena-wide cue, audio sting, and visible safe spaces. Counterplay: Move to safe zones, preserve stamina, and punish only after the full sequence ends. Impact: Mixed/Boss; Heavy force; suggested knockback 0.65-0.95m. AI: Boss-scale actions need long tells, arena-safe spaces, and pressure caps. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M90	150. Arena Hazard Category: Boss-Scale Users: bosses, machines, casters Contact: Environmental Telegraph: Large animation lock, arena-wide cue, audio sting, and visible safe spaces. Counterplay: Move to safe zones, preserve stamina, and punish only after the full sequence ends. Impact: Mixed/Boss; Heavy force; suggested knockback 0.65-0.95m. AI: Boss-scale actions need long tells, arena-safe spaces, and pressure caps. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M90

151. Summon Wave Category: Boss-Scale Users: bosses, necromancers, queens Contact: Spawn event Telegraph: Large animation lock, arena-wide cue, audio sting, and visible safe spaces. Counterplay: Move to safe zones, preserve stamina, and punish only after the full sequence ends. Impact: Mixed/Boss; Medium force; suggested knockback 0.35-0.65m. AI: Boss-scale actions need long tells, arena-safe spaces, and pressure caps. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M90	152. Multi-Stage Combo Category: Boss-Scale Users: bosses, elite knights, demons Contact: Active hit windows Telegraph: Large animation lock, arena-wide cue, audio sting, and visible safe spaces. Counterplay: Move to safe zones, preserve stamina, and punish only after the full sequence ends. Impact: Mixed/Boss; Massive force; suggested knockback 0.95-1.40m. AI: Boss-scale actions need long tells, arena-safe spaces, and pressure caps. Suggested AI: requires chained active windows with a readable stop point. Priority: M90
153. Desperation Burst Category: Boss-Scale Users: bosses, soul enemies Contact: Projectile or area Telegraph: Large animation lock, arena-wide cue, audio sting, and visible safe spaces. Counterplay: Move to safe zones, preserve stamina, and punish only after the full sequence ends. Impact: Mixed/Boss; Massive force; suggested knockback 0.95-1.40m. AI: Boss-scale actions need long tells, arena-safe spaces, and pressure caps. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M90	154. Rotating Pattern Category: Boss-Scale Users: bosses, machines, occult enemies Contact: Projectile pattern Telegraph: Large animation lock, arena-wide cue, audio sting, and visible safe spaces. Counterplay: Move to safe zones, preserve stamina, and punish only after the full sequence ends. Impact: Mixed/Boss; Heavy force; suggested knockback 0.65-0.95m. AI: Boss-scale actions need long tells, arena-safe spaces, and pressure caps. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M90
155. Phase Change Attack Category: Boss-Scale Users: bosses, cosmic enemies Contact: Area or movement Telegraph: Large animation lock, arena-wide cue, audio sting, and visible safe spaces. Counterplay: Move to safe zones, preserve stamina, and punish only after the full sequence ends. Impact: Mixed/Boss; Heavy force; suggested knockback 0.65-0.95m. AI: Boss-scale actions need long tells, arena-safe spaces, and pressure caps. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M90	156. Arena Sweep Category: Boss-Scale Users: dragons, giants, machines Contact: Area lane Telegraph: Large animation lock, arena-wide cue, audio sting, and visible safe spaces. Counterplay: Move to safe zones, preserve stamina, and punish only after the full sequence ends. Impact: Mixed/Boss; Massive force; suggested knockback 0.95-1.40m. AI: Boss-scale actions need long tells, arena-safe spaces, and pressure caps. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement. Priority: M90

157. Grab And Throw

Category: Boss-Scale

Users: giants, demons, bosses

Contact: Grab

Telegraph: Large animation lock, arena-wide cue, audio sting, and visible safe spaces.

Counterplay: Move to safe zones, preserve stamina, and punish only after the full sequence ends.

Impact: Mixed/Boss; Massive force; suggested knockback 0.95-1.40m.

AI: Boss-scale actions need long tells, arena-safe spaces, and pressure caps. Suggested AI: requires explicit grab state, escape/cancel rules, and no passive contact damage.

Priority: M90

158. Final Exhaustion

Category: Boss-Scale

Users: bosses, elite enemies

Contact: Recovery event

Telegraph: Large animation lock, arena-wide cue, audio sting, and visible safe spaces.

Counterplay: Move to safe zones, preserve stamina, and punish only after the full sequence ends.

Impact: Mixed/Boss; Light force; suggested knockback 0.15-0.35m.

AI: Boss-scale actions need long tells, arena-safe spaces, and pressure caps. Suggested AI: score from distance, facing, intelligence, disposition, and recent player movement.

Priority: M90
