

Hollow Visible Entity Asset Inventory

Complete spreadsheet companion: all visible player, enemy, item, environmental, UI, Room Designer, and VFX entities that currently need mesh, material, texture, animation, VFX, audio, or UI production assets.

Metric	Value
Generated	2026-04-27
Visible entity rows	67
Groups	7
P0 core entities	16
P1 high-priority entities	33
Primary use	Art/content production checklist for Rafal and implementation tracking for Martin
Important rule	Art is presentation-only. Gameplay remains driven by runtime layouts, controllers, and data.

Group	Entity count
Player	4
Enemy	9
Reward / Item	11
Environment	15
Room Designer	13
UI / HUD	7
VFX	8

Priority	Entity count
P0 - Core	16
P1 - High	33
P2 - Medium	13
P3 - Low	4
P3 - Planned	1

P0 Core Production Targets

Group	Entity	Required mesh/object	Required materials	Priority notes
Enemy	Normal Chaser	Small grounded enemy mesh	Red/corrupt enemy material	Baseline enemy; silhouette should be simplest.
Enemy	Stone Warden boss	Large boss silhouette, stone guardian body	Stone, moss/ember cracks, boss accent	First boss gatekeeper; strongest silhouette requirement.
Environment	Door active/open	Door/gate active marker mesh	Active door material	Shows connected traversable path.
Environment	Door locked	Door frame/slab/gate mesh	Locked door material	Shows traversal blocked during combat or boss-key lock.
Environment	Hub return / boss portal	Portal ring/pool/gate mesh	Portal material	Currently transitions into inter-branch hub after boss.
Environment	Inter-branch hub shop stand	Shop stand/table/pedestal mesh	Shop wood/stone/cloth material	Hub shop is player-facing after boss.
Environment	Next branch portal	Portal/card/gate mesh for branch choices	Next portal material	Must distinguish three next branch choices.
Environment	Rock obstacle block	1m obstacle mesh, top at 1m, bottom at floor	Rock/stone/block material	Must align with gameplay collider; visual bottom at y=0.
Environment	Room floor	Tile/floor slab mesh or modular plane	Dark toy-diorama floor material	Most visible environment asset; keep readable under combat.
Environment	Shop cards	Three card meshes or world-space UI cards	Card normal/affordable/sold materials	Critical for M21 readability; not currently a separate prefab role.
Player	Player character	1 readable player body mesh; optional head/body split; meter-scale pivot at feet/center	Player body material, accent/emissive soul material	Must be unmistakable from enemies in top/3-4 camera.
Player	Player projectile	Small orb/bolt mesh or billboard	Bright projectile material	Projectile must remain readable against dark floor.
Reward / Item	Boss key pickup	Key/fragment/glyph mesh	Boss key gold/ember material	Must communicate boss door unlock clearly.
Reward / Item	Generic room reward pickup	Pickup pedestal/orb/chest-like mesh	Reward glow material	Used for standard, treasure, boss rewards unless specialized later.
Room Designer	Designer cursor	Cursor highlight box/ring	Cursor highlight material	Primary authoring pointer.
UI / HUD	Shop offer text/card UI	World-space card/panel mesh	Affordable/unaffordable/sold materials	Critical for M21 shop clarity.

Player Entities

Entity	Runtime role / ID	Mesh / 3D object	Materials + textures	VFX / animation / UI	Priority
Player character	PresentationPrefabRole.Player / MaterialRole.PlayerBody	1 readable player body mesh; optional head/body split; meter-scale pivot at feet/center	Player body material, accent/emissive soul material / Base color, roughness/normal optional, small accent mask	Player hit cue; optional spawn/respawn cue; Idle breathing/bob, hit flinch, optional run lean; HUD portrait/icon later	P0 - Core
Player projectile	PresentationPrefabRole.Projectile / MaterialRole.Projectile	Small orb/bolt mesh or billboard	Bright projectile material / Glow/noise texture optional	ProjectileFire, enemy hit impact; Looping spin/trail optional	P0 - Core
Player hit feedback	VfxCueId.PlayerHit / AudioCueId.PlayerHit	Particle/burst visual	Damage flash material / Hit spark/noise texture optional	PlayerHit; Brief flash/pulse; HP feedback in HUD	P1 - High
Safe start marker	RoomDesignerMarkerKinds.SafeStart / MaterialRole.SpawnSafeStart	Small floor marker or translucent ring	Safe start marker material / Icon/decal optional	Designer place/erase; Gentle pulse optional; Label: spawn_point_safeStart	P2 - Medium

Enemy Entities

Entity	Runtime role / ID	Mesh / 3D object	Materials + textures	VFX / animation / UI	Priority
Normal Chaser	spawnEnemyNormal / EnemyNormal / Chaser	Small grounded enemy mesh	Red/corrupt enemy material / Base color, roughness, optional eye/glow	EnemyHit, EnemyDeath; Idle, chase wobble, hit, death pop; Encounter icon optional	P0 - Core
Stone Warden boss	spawnEnemyBoss / EnemyBoss / BossWarden	Large boss silhouette, stone guardian body	Stone, moss/ember cracks, boss accent / Stone normal, crack/emissive mask optional	Charge, projectile burst, EnemyHit, EnemyDeath; Idle, slow pursue, charge windup, low-health burst, death; Boss icon/nameplate later	P0 - Core
Ash Charger	spawnEnemyCharger / EnemyCharger / Charger	Pointed/forward-leaning charger mesh	Orange ember/charge material / Heat/crack texture optional	Charge windup, EnemyHit, EnemyDeath; Windup, charge burst, recovery; Encounter icon optional	P1 - High
Bone Turret	spawnEnemyTurret / EnemyTurret / TurretShooter	Stationary turret/statue/eye mesh	Bone/stone + projectile accent / Bone/stone texture optional	Enemy projectile fire, EnemyHit, EnemyDeath; Aim turn, fire recoil, hit; Encounter icon optional	P1 - High
Enemy projectile	PresentationPrefabRole.EnemyProjectile / MaterialRole.EnemyProjectile	Small hostile bolt/orb mesh	Hostile projectile material distinct from player / Glow/noise texture optional	Projectile fire and player hit; Spin/trail optional	P1 - High
Flying Chaser	spawnEnemyFlying / EnemyFlying / FlyingChaser	Floating enemy mesh with wings/orb/soul form	Blue/airborne enemy material / Wing/soul texture optional	EnemyHit, EnemyDeath; Hover loop, hit, death; Encounter icon optional	P1 - High
Husk Splitter	spawnEnemySplitter / EnemySplitter / Splitter	Fragile pod/husk mesh	Green split/swarm material / Crack/shell texture optional	Split/death burst, EnemyHit; Pulse before split, pop death; Encounter icon optional	P1 - High
Fast Chaser	spawnEnemyFast / EnemyFast / Chaser	Lean/agile enemy variant	Amber/speed material / Motion stripe/accent optional	EnemyHit, EnemyDeath; Fast idle jitter, chase, hit; Encounter icon optional	P2 - Medium

Entity	Runtime role / ID	Mesh / 3D object	Materials + textures	VFX / animation / UI	Priority
Heavy Chaser	spawnEnemyHeavy / EnemyHeavy / Chaser	Large grounded bulky enemy mesh	Heavy/purple material / Cracked armor/stone texture optional	EnemyHit, EnemyDeath; Heavy idle, slow chase, hit; Encounter icon optional	P2 - Medium

Reward / Item Entities

Entity	Runtime role / ID	Mesh / 3D object	Materials + textures	VFX / animation / UI	Priority
Boss key pickup	PresentationPrefabRole.BossKeyPickup / MaterialRole.BossKeyPickup	Key/fragment/glyph mesh	Boss key gold/ember material / Key/rune texture optional	RewardClaim or DoorUnlock; Bob, sparkle, claim pop; Boss key HUD icon later	P0 - Core
Generic room reward pickup	PresentationPrefabRole.RewardPickup / MaterialRole.RewardPickup	Pickup pedestal/orb/chest-like mesh	Reward glow material / Sparkle/emissive texture optional	RewardClaim; Idle bob, claim pop; Reward message in HUD	P0 - Core
Boss Sigil	Reward_BossSigil / PassiveItem	Large sigil/crest mesh	Boss reward material / Sigil texture/emissive mask	RewardClaim, RoomClear; Hover, pulse, claim burst; Boss reward icon	P1 - High
Heal shop offer	HubShopOffer heal	Card/potion/heal token mesh or UI card face	Healing card material / Heart/potion icon texture	RewardClaim/Shop purchase later; Card pulse on affordable; Shop card text/icon	P1 - High
Soul currency pickup/cache	Reward_SoulCache / TreasureCache currency rewards	Soul orb/cache variant or coin cluster	Soul currency material / Soul swirl/noise optional	RewardClaim; Bob, sparkle; Soul icon for HUD/shop	P1 - High
Ember Charm	Reward_EMBERCharm / PassiveItem	Flame charm/token mesh	Ember material / Ember icon/emissive mask	RewardClaim; Flame flicker optional; Item icon	P2 - Medium
Fleet Step	Reward_FleetStep / PassiveItem	Boot/feather/step charm mesh	Movement accent material / Icon texture	RewardClaim; Sparkle/step burst optional; Item icon	P2 - Medium
Quick Draw	Reward_QuickDraw / Card	Card/charm/token mesh	Card material with speed accent / Card face texture/icon	RewardClaim; Card flip optional; Item icon	P2 - Medium
Stone Heart	Reward_StoneHeart / PassiveItem	Heart/stone charm mesh or card art	Stone/heart material / Charm/card texture	RewardClaim; Pickup sparkle; Small item icon	P2 - Medium
Heavy Spark	Reward_HeavySpark / PassiveItem	Dense spark/weight charm	Heavy spark material / Icon texture	RewardClaim; Spark pulse optional; Item icon	P3 - Low
Swift Charge	Reward_SwiftCharge / Card	Card/token mesh	Swift/charge material / Card icon texture	RewardClaim; Card flip optional; Item icon	P3 - Low

Environment Entities

Entity	Runtime role / ID	Mesh / 3D object	Materials + textures	VFX / animation / UI	Priority
Door active/open	PresentationPrefabRole.DoorActive / MaterialRole.DoorActive	Door/gate active marker mesh	Active door material / Door rune texture	DoorUnlock; Open/activate pulse; Arrow/door icon optional	P0 - Core

Entity	Runtime role / ID	Mesh / 3D object	Materials + textures	VFX / animation / UI	Priority
Door locked	PresentationPrefabRole.DoorLocked / MaterialRole.DoorLocked	Door frame/slab/gate mesh	Locked door material / Lock/rune texture	DoorUnlock; Lock pulse/shake optional; Lock icon optional	P0 - Core
Hub return / boss portal	PresentationPrefabRole.HubReturnPortal / MaterialRole.HubReturnPortal	Portal ring/pool/gate mesh	Portal material / Swirl/noise/emissive texture	PortalComplete; Swirl/pulse; Portal label optional	P0 - Core
Inter-branch hub shop stand	PresentationPrefabRole.HubShop / MaterialRole.HubShop	Shop stand/table/pedestal mesh	Shop wood/stone/cloth material / Shop sign/card texture	Purchase/RewardClaim later; Idle candle/pulse optional; Shop label/card text	P0 - Core
Next branch portal	PresentationPrefabRole.NextBranchPortal / MaterialRole.NextBranchPortal	Portal/card/gate mesh for branch choices	Next portal material / Seed/branch rune texture	PortalComplete; Idle swirl/pulse; Portal card text/seed	P0 - Core
Rock obstacle block	PresentationPrefabRole.RoomObstacleRock / MaterialRole.RoomObstacleRock	1m obstacle mesh, top at 1m, bottom at floor	Rock/stone/block material / Stone albedo/normal/roughness	Projectile hit optional; None or tiny hit shake	P0 - Core
Room floor	PresentationPrefabRole.RoomFloor / MaterialRole.RoomFloor	Tile/floor slab mesh or modular plane	Dark toy-diorama floor material / Albedo, roughness, normal, grid/wear masks	RoomClear optional; None or subtle material pulse	P0 - Core
Shop cards	HubShopCard / HubShopOffer	Three card meshes or world-space UI cards	Card normal/affordable/sold materials / Card face/icon textures	Purchase success/fail cue later; Hover/affordable pulse, sold dim; Offer name, price, effect, SOLD/Need souls	P0 - Core
Door cleared	PresentationPrefabRole.DoorCleared / MaterialRole.DoorCleared	Cleared/open door variant	Cleared/greenish material / Glow/rune texture	RoomClear/DoorUnlock; Clear flash optional	P1 - High
Door unavailable	PresentationPrefabRole.DoorUnavailable / MaterialRole.DoorUnavailable	Disabled/decorative door marker	Muted unavailable material / Cracked/blocked texture	None	P1 - High
Secret door debug marker	PresentationPrefabRole.SecretDoorDebug / MaterialRole.SecretDoorDebug	Secret wall/door marker mesh	Secret door material / Secret glyph texture	DoorUnlock optional; Pulse/hidden reveal optional; Secret icon optional	P1 - High
Hole tile	RoomDesignerCellKinds.Hole / MaterialRole.DesignerHole	Hole void/depth mesh/decal	Dark void edge material / Edge/void texture	Fall/deny VFX later; Subtle shimmer optional; Designer label	P2 - Medium
Treasure / secret room dressing	BranchRoomRole.Treasure / Secret	Optional chest/cache/decor set	Treasure/secret accent materials / Secret/treasure glyph textures	RewardClaim/Secret reveal; Sparkle/pulse; Secret/reward label optional	P2 - Medium
Origin marker / center floor mark	MaterialRole.RoomOriginMarker	Small floor decal/ring mesh	Origin marker material / Decal/icon texture optional	Label/debug optional	P3 - Low
Spike / hazard tile	Planned tile type	Spike/trap mesh	Hazard metal/bone material / Hazard icon/texture	Trigger warning VFX later; Spike pulse/extend optional; Hazard icon	P3 - Planned

Room Designer Entities

Entity	Runtime role / ID	Mesh / 3D object	Materials + textures	VFX / animation / UI	Priority
Designer cursor	MaterialRole.DesignerCursor	Cursor highlight box/ring	Cursor highlight material / None	DesignerPlace/Erase; Cursor pulse optional; Cursor coordinate label	P0 - Core
Active door anchor	RoomDesignerDoorKinds.Door / MaterialRole.DesignerDoorActive	Active door marker	Active door material / Door icon/glyph	DesignerPlace/Erase; Pulse optional; doorAnchorActive label	P1 - High

Entity	Runtime role / ID	Mesh / 3D object	Materials + textures	VFX / animation / UI	Priority
Available door anchor	RoomDesignerDoorKinds.Available / MaterialRole.DesignerDoorAvailable	Door anchor ghost marker	Available anchor material / Port icon/glyph optional	DesignerPlace/Erase; Pulse optional; doorAnchorAvailable label	P1 - High
Designer grid	MaterialRole.DesignerGrid	Thin grid line mesh/cubes	Designer grid material / None	Designer place/erase; Grid labels optional	P1 - High
Designer ground tile	RoomDesignerCellKinds.Ground / MaterialRole.DesignerGround	1m ground block/slab	Designer ground material / Tile texture optional	DesignerPlace/Erase; tileGround label	P1 - High
Designer hole tile	RoomDesignerCellKinds.Hole / MaterialRole.DesignerHole	Hole/void preview tile	Designer hole material / Void texture optional	DesignerPlace/Erase; tileHole label	P1 - High
Designer labels / panels	RoomDesignerController HUD	World-space label panels optional	Panel/text materials / Icons for tools/ports later	DesignerPlace/Erase cues; Panel transitions optional; Tool, footprint, validation, controls	P1 - High
Designer rock tile	RoomDesignerCellKinds.Rock / MaterialRole.DesignerRock	1m rock/block preview	Designer rock material / Rock texture optional	DesignerPlace/Erase; tileRock label	P1 - High
Enemy spawn marker	spawnEnemyNormal/Flying/Fast/Heavy/Charger/Turret/Splitter	Small colored marker/silhouette	Enemy spawn marker materials per variant / Variant icons	DesignerPlace/Erase; Pulse optional; spawn_point_enemy_* labels	P1 - High
Reward spawn marker	spawn_point_roomReward / MaterialRole.DesignerSpawnReward	Reward anchor marker	Reward marker material / Reward icon	DesignerPlace/Erase; Pulse optional; spawn_point_roomReward label	P1 - High
Safe start marker	spawn_point_safeStart / MaterialRole.DesignerSpawnSafeStart	Safe start marker	Safe marker material / Start icon	DesignerPlace/Erase; Pulse optional; spawn_point_safeStart label	P1 - High
Secret door anchor	RoomDesignerDoorKinds.Secret / MaterialRole.DesignerDoorSecret	Secret door marker	Secret door material / Secret glyph	DesignerPlace/Erase; Pulse optional; doorAnchorSecret label	P1 - High
Inactive door anchor	RoomDesignerDoorKinds.Inactive	Disabled/ghosted port marker	Inactive port material / Disabled icon optional	DesignerPlace/Erase; doorAnchorInactive label	P2 - Medium

UI / HUD Entities

Entity	Runtime role / ID	Mesh / 3D object	Materials + textures	VFX / animation / UI	Priority
Shop offer text/card UI	HubShopCardViewModel / HubShopCard	World-space card/panel mesh	Affordable/unaffordable/sold materials / Offer icons/card art	Purchase/fail cue later; Affordable pulse, sold dim; Name, price, effect, SOLD/Need souls	P0 - Core
Branch minimap panel	BranchMiniMapController	Panel background, node icons	Minimap panel material / Node/connection icons optional	DoorUnlock/RoomClear optional; Node update pulse optional; Map legend/current/cleared/reward states	P1 - High
Combat HUD	CombatHudController	Panel/background shapes	HUD panel material/color style / HP/enemy/state icons optional	PlayerHit/RoomClear feedback optional; Text pulse optional; HP, enemies, room state, diagnostics	P1 - High
Economy/status panel	BranchMiniMapController economy panel	Panel background	Economy panel material / Soul/save icons optional	RewardClaim optional; Counter pulse optional; Run souls, banked souls, rewards, save	P1 - High

Entity	Runtime role / ID	Mesh / 3D object	Materials + textures	VFX / animation / UI	Priority
Item/reward log panel	BranchMiniMapController item log	Panel background	Log panel material / Item icons optional	RewardClaim optional; Message slide/fade optional; Latest reward, collected items	P1 - High
Main menu root	MainMenuRoot / MainMenuController	Menu panels/buttons/card backgrounds	Menu UI materials/colors / Logo/background/profile icons	Button click/transition later; Panel transition optional; New Run, Continue, Challenges, Room Designer, Settings	P2 - Medium
Profile slot card	ProfileSlotCard.prefab	Card/panel UI shape	Profile card material/style / Profile icon/progress icons	Select cue later; Hover/select optional; Slot name, runs, banked souls, active run	P2 - Medium

VFX Entities

Entity	Runtime role / ID	Mesh / 3D object	Materials + textures	VFX / animation / UI	Priority
Door unlock VFX	VfxCueId.DoorUnlock / PresentationPrefabRole.VfxDoorUnlock	Rune flash/pulse	Door unlock material / Rune texture	DoorUnlock; Flash/open pulse; Door state indicator	P1 - High
Enemy death VFX	VfxCueId.EnemyDeath / PresentationPrefabRole.VfxEnemyDeath	Death burst/poof	Death particle material / Poof/spark texture	EnemyDeath; Pop/dissolve	P1 - High
Enemy hit VFX	VfxCueId.EnemyHit / PresentationPrefabRole.VfxEnemyHit	Hit spark/burst	Hit flash material / Spark texture	EnemyHit; Short burst	P1 - High
Portal complete VFX	VfxCueId.PortalComplete / PresentationPrefabRole.VfxPortalComplete	Portal swirl/transition burst	Portal material / Swirl/noise texture	PortalComplete; Swirl/pulse; Portal label pulse	P1 - High
Projectile fire VFX	VfxCueId.ProjectileFire / PresentationPrefabRole.VfxProjectileFire	Particle prefab/trail	Projectile/fire material / Spark/noise texture	ProjectileFire; Burst/trail	P1 - High
Reward claim VFX	VfxCueId.RewardClaim / PresentationPrefabRole.VfxRewardClaim	Sparkle/beam burst	Reward sparkle material / Star/soul texture	RewardClaim; Claim burst; Reward message pulse	P1 - High
Room clear VFX	VfxCueId.RoomClear / PresentationPrefabRole.VfxRoomClear	Room-level burst/banner	Clear material / Spark/ring texture	RoomClear; Pulse across doors/reward; Room Clear text	P2 - Medium
Designer place/erase VFX	VfxCueId.DesignerPlace / DesignerErase	Small placement/erase particles	Designer VFX material / Small square/spark texture	DesignerPlace, DesignerErase; Short UI feedback	P3 - Low

VFX And Audio Cue Inventory

Cue	Type	Visible use	Required assets
ProjectileFire	VFX + Audio	Player/enemy projectile fire	Particle burst/trail, fire/projectile SFX
EnemyHit	VFX + Audio	Enemy damage feedback	Hit spark/flash, hit SFX
EnemyDeath	VFX + Audio	Enemy death/removal	Death poof/burst, death SFX
PlayerHit	VFX + Audio	Player damage feedback	Player flash/burst, player hit SFX
RewardClaim	VFX + Audio	Reward/shop pickup	Sparkle/beam, reward SFX
DoorUnlock	VFX + Audio	Door unlock/active	Rune flash/pulse, unlock SFX
RoomClear	VFX + Audio	All enemies defeated	Room clear pulse/banner, clear SFX
PortalComplete	VFX + Audio	Hub/next branch portal	Portal swirl/transition, portal SFX
DesignerPlace	VFX + Audio	Room Designer placement	Small placement particle, click/place SFX
DesignerErase	VFX + Audio	Room Designer erase	Small erase particle, erase SFX

Asset Intake Naming Conventions

Asset type	Pattern	Example	Notes
Runtime visual prefab	AP_<RoleName>.prefab	AP_EnemyNormal.prefab	Visual-only wrapper under Assets/_Hollow/Prefabs/ArtPass/.
VFX prefab	VFX_<CueRole>.prefab	VFX_VfxEnemyHit.prefab	Effect prefab under ArtPass/VFX/.
Material	MAT_<EntityOrRole>_<Variant>.mat	MAT_Door_Locked.mat	Use palette roles when possible.
Texture	TEX_<Entity>_<Map>.png	TEX_Rock_Normal.png	Use BaseColor, Normal, ORM, Emissive suffixes.
Animation	ANIM_<Entity>_<Action>.anim	ANIM_EnemyCharger_Windup.anim	Keep first pass simple and readable.
Audio	SFX_<CueName>.wav	SFX_RewardClaim.wav	Short generated placeholders are acceptable for now.
