

Hollow M49: ArtPass Production Integration II

Generated: 2026-05-02T00:16:46.1782370Z

Tracked visible roles: 48

Production ready: 0

Prototype fallback warnings: 37

Missing bindings: 10

Unsafe prefabs: 1

Direct Replacement Rules:

- Replace existing AP\_\* / VFX\_\* prefabs directly under Assets/\_Hollow/Prefabs/ArtPass/.
- Keep PresentationVisualMarker on the root with the matching role.
- Visual prefabs must not include gameplay colliders or gameplay scripts.
- Missing production art is allowed in M49; unsafe prefab wiring is not.

Next Rafal/Martin Handoff:

- Start with the core slice pack before secondary equipment/hazard polish.
- When a production mesh/material arrives, update the matching active prefab and rerun M49 validation.
- Room Designer Scene Mode should immediately preview the replaced ArtPass prefab.
