

M58: Beta Reward Economy + Chest Balance Pass

Generated UTC: 2026-05-01T00:42:29.486813+00:00

Status: Fallback report generated outside Unity because batchmode was blocked by Unity licensing initialization.

Action: Re-run Hollow/Generation/Generate Milestone 65 Assets from Unity to replace these fallback reports with asset-scanned reports, BetaContentLock_M63.asset, and BetaQaChecklist_M64.asset.

This document is useful for handoff/planning, but it is not a passing Unity validation report.

Source Notes

M58 records the beta economy target around the lower 3 HP baseline.

- Ordinary rooms stay sparse: coins, HP refill, chest, or no reward.
- Treasure rooms, boss rewards, and shops remain the item/gear sources.
- Chest and coin outcomes must be readable through pickup reveal UI.
- The milestone report summarizes active standard, treasure, and boss pools.
